

H. W. FURNAS, Editor.

Republican State Convention.

A Republican State Convention will be held at the City of Lincoln, on Wednesday the 31st day of August, 1870, at one o'clock p. m., for the purpose of electing a delegate to the National Convention...

Republican County Convention.

There will also be a County Republican Convention held in the County of Lincoln, on Wednesday the 31st day of August, 1870, at one o'clock p. m., for the purpose of electing a delegate to the State Convention...

A close observance warrants us in saying that crops of all kinds this year were never better on an average.

Out crop particularly was never better. We have seen several fields, the owners of which are claiming seventy-five bushels to the acre.

The Nebraska City Chronicle says a man having a horse and light wagon came into that city one day last week, having driven rapidly from Beatrice. He gave his horse seven buckets of water, enough to last the horse his lifetime, for he died shortly after.

The General Traveling Agent, Mr. Woodworth, has presented us with a copy each of Masonic, Odd Fellow, and Good Templar charts, gotten up in beautiful colored lithograph, suitable for framing, in which shape they will be a beautiful ornament for any parlor. They are on sale at the book store of Moore & Bradford, next door to the post office. Call and see them.

W. H. Miller, editor of the late Nebraska City Press, was presented on the 22nd inst. with a valuable gold watch by the citizens of Nebraska City, in consideration of the friendship, esteem and sympathy they had for him in his late misfortunes. Mr. Miller has accepted a situation upon the staff editorial of the Chronicle so generously tendered him by Mr. Whittier.

Rev. T. J. Morgan, Secretary of the Theological Institute, Rochester, New York, preached in the Baptist Church in this place on Sabbath last. The house was well filled with an appreciative audience. From the text—"Oath thy burden upon the Lord, and he shall sustain thee"—he preached one of the most practical sermons it has been the good fortune of our people to listen to.

The Beatrice Express, in a political article, claims that the counties forming the Fourth Senatorial District concede the Senator to Gage county, and Gage county concedes the Representative to Jefferson county. This is a good arrangement, and one that will give to that portion of the State the representation their importance demands. We hope it may be honorably carried out.

The following are the delegates from Brownville precinct to the County Convention, and they are instructed to cast the entire vote of the precinct without proxies:

Hiram Minick, Alex. McKinney, J. S. Church, S. H. Clayton, J. L. Carson, R. W. Hughes, Evan Worthington, S. W. Kennedy, C. F. Stewart, Wm. Small, W. A. Polock, J. C. Deuser, DeForest Porter, T. J. MacJons, F. A. Tisdell, S. P. Tuttle, Jno. Q. A. Smith, W. J. Austin, George Crow, James Stevenson, W. T. Rogers, Benj. Rogers.

Much interest was felt by rail road men in the result of the application of Robert Hawke, et al., of Nebraska City, for an injunction before Judge Mason to restrain the County Commissioners of Otoe county from levying and collecting taxes in that county for railroad purposes. That application was refused, after careful hearing, and the taxes must be levied and collected. Judge Crouse passed upon the same point but a few months since. So we have the opinion of two of our three Judges upon this hitherto disputed point, and we are pleased to record the event as favorable to improvement and as against repudiation. Good for Nebraska.

We have heard from the most of the precinct caucuses in this county which were held on last Saturday, and are pleased to report that harmony prevailed in the camp. The delegates thus elected will meet on next Saturday to choose eleven delegates to the State convention, which meets in Lincoln on the 10th day of August next. It is quite important that the persons thus sent shall be such ones as most thoroughly understand the wants of the State, and will most zealously represent the will of the legal voters of this county. Fourteen hundred of the two thousand voters in Nemaha county endorse the Republican policy and platform, and are anxious to support the nominees of that party, and will do it if intelligent, temperate, honest, and representative men are selected as standard bearers; and such selections will be made if the people take sufficient interest in the matter at the primary and county conventions. It is important to the interests of the party and the State that we have the support and consent of the entire party at the primary meetings.

The undersigner of the Pawnee Tribune announces himself at home, both able and willing to execute his contemptible orders to vilify one of the Senators of this State, and we learn from his late issue what we well know before, that its sole ground for this course is the pressure thereby to the monstrous spirit of envy which forecasts the policy of that unhappy sheet. Senator Tipton has been guilty of the unpardonable sin of asking Congressional aid for the Brownville and Nebraska City railroads, and did not include therein any provision for the home of the stockholders of the Pawnee Tribune, and herein comes the bile which discolors the columns of that detestable organ.

The failure of Senator Tipton to secure this grant of lands to the Brownville and Nebraska City roads, we are assured, is only for the time being; that the aid will most certainly be given on the reassembling of Congress next winter.

Undoubtedly Ajax (Harvey) had such men as the editor of the Pawnee Tribune in his mind when he wrote the following truthful paragraph in his communication to the Nebraska Statesman:

"I am sure that a careful consideration of the circumstances surrounding Mr. T's course will show that he was actuated by a sincere desire to do what was exactly best for South Platte, and that the failure so far to accomplish the grant for the Brownville and Nebraska City roads (which would thread the counties south of Cass so as to accommodate the largest number of people) has been brought about against his efforts and by a set of traders who would sell their mother's eye teeth if the ivory market was good."

The corner stone of the Methodist Episcopal Church of Peru will be laid with appropriate ceremonies on Saturday, July 30th. Services to commence at 10 o'clock, a. m.

Rev. T. B. Lemon will conduct the exercises of the occasion. A general invitation is extended to the public to be present.

The exercises will take place in the grove on the church grounds, J. M. McKENZIE, Sec. Board of Trustees.

We regret to announce the death of Eddie, son of Hon. W. D. Scott, of Rulo. He has been severely afflicted for several years past, and died on Wednesday last. Eddie was a bright boy; the favorite of the family, and his loss keenly felt by fondling parents and brothers.

Practising Cancers. ASPENWALL, July 23, 1870. Pursuant to call, the Republicans of Aspenwall precinct met to elect delegates to the Republican County Convention, when the following gentlemen were chosen:

J. S. Minick, G. G. Star, J. B. Fisher, E. Griffin, and H. Slagle. GEO. SHOOK, Ch'n. J. S. MINICK, Sec.

Every article or animal upon the grounds shall, during the Fair, be under the control of the Board; and whilst every possible precaution will be taken for the safety of the same, the Board will in no case be responsible for any loss or damage that may occur.

Every article or animal upon the grounds shall, during the Fair, be under the control of the Board; and whilst every possible precaution will be taken for the safety of the same, the Board will in no case be responsible for any loss or damage that may occur.

Every article or animal upon the grounds shall, during the Fair, be under the control of the Board; and whilst every possible precaution will be taken for the safety of the same, the Board will in no case be responsible for any loss or damage that may occur.

Every article or animal upon the grounds shall, during the Fair, be under the control of the Board; and whilst every possible precaution will be taken for the safety of the same, the Board will in no case be responsible for any loss or damage that may occur.

Every article or animal upon the grounds shall, during the Fair, be under the control of the Board; and whilst every possible precaution will be taken for the safety of the same, the Board will in no case be responsible for any loss or damage that may occur.

Every article or animal upon the grounds shall, during the Fair, be under the control of the Board; and whilst every possible precaution will be taken for the safety of the same, the Board will in no case be responsible for any loss or damage that may occur.

Every article or animal upon the grounds shall, during the Fair, be under the control of the Board; and whilst every possible precaution will be taken for the safety of the same, the Board will in no case be responsible for any loss or damage that may occur.

Every article or animal upon the grounds shall, during the Fair, be under the control of the Board; and whilst every possible precaution will be taken for the safety of the same, the Board will in no case be responsible for any loss or damage that may occur.

Every article or animal upon the grounds shall, during the Fair, be under the control of the Board; and whilst every possible precaution will be taken for the safety of the same, the Board will in no case be responsible for any loss or damage that may occur.

Every article or animal upon the grounds shall, during the Fair, be under the control of the Board; and whilst every possible precaution will be taken for the safety of the same, the Board will in no case be responsible for any loss or damage that may occur.

Every article or animal upon the grounds shall, during the Fair, be under the control of the Board; and whilst every possible precaution will be taken for the safety of the same, the Board will in no case be responsible for any loss or damage that may occur.

Every article or animal upon the grounds shall, during the Fair, be under the control of the Board; and whilst every possible precaution will be taken for the safety of the same, the Board will in no case be responsible for any loss or damage that may occur.

Every article or animal upon the grounds shall, during the Fair, be under the control of the Board; and whilst every possible precaution will be taken for the safety of the same, the Board will in no case be responsible for any loss or damage that may occur.

Every article or animal upon the grounds shall, during the Fair, be under the control of the Board; and whilst every possible precaution will be taken for the safety of the same, the Board will in no case be responsible for any loss or damage that may occur.

Every article or animal upon the grounds shall, during the Fair, be under the control of the Board; and whilst every possible precaution will be taken for the safety of the same, the Board will in no case be responsible for any loss or damage that may occur.

Every article or animal upon the grounds shall, during the Fair, be under the control of the Board; and whilst every possible precaution will be taken for the safety of the same, the Board will in no case be responsible for any loss or damage that may occur.

Every article or animal upon the grounds shall, during the Fair, be under the control of the Board; and whilst every possible precaution will be taken for the safety of the same, the Board will in no case be responsible for any loss or damage that may occur.

Every article or animal upon the grounds shall, during the Fair, be under the control of the Board; and whilst every possible precaution will be taken for the safety of the same, the Board will in no case be responsible for any loss or damage that may occur.

The name and the residence of the owner, and the class in which he wishes to exhibit, the entry of machinery, implements, etc., the applicant must give the name and residence of maker, name of patentee, and name or designation of the article.

No article shall be entered in more than one department. All entries will be made in strict accordance with the printed premium list, and awards made in accordance therewith. Parties must, therefore, take particular pains to have stock and articles entered just as they want them.

Those who purpose making entries will very much oblige the Secretary and his clerks, if they will, before leaving home, make a list of all the articles they wish to enter, and sign their names in full at the bottom. This will enable the clerks to get their names correct on the books.

The General and Assistant Superintendent will have the supervision of the grounds. The Class Superintendents will have the supervision of all the articles in their respective departments; see that the animals have appropriate stalls and pens; and that articles are conveniently arranged as well as furnish information relative to the exhibition.

Superintendents not on the ground, and reported to the Secretary by the clerks, will be held responsible for the same.

Positively we fail to discern any difference between the quality of the "blackguardism and vulgarity" in the Register and the Democrat. In any department, it is against the Democrat, both sides of it being edited at home, while one side of the Register is edited in Chicago of some other insignificant village.—Pawnee Tribune.

The Lincoln State Journal gives the following table showing the comparative richness of brine in the various salt manufactures in the United States. It will be seen that Lincoln is ahead of them all. The Lincoln figures are based upon the operations of Messrs. Green & Smith for the last thirty days:

Table with 2 columns: Location and Brine yield (gals. to 26 lbs. Salt Water). Locations include West Virginia, Ohio, Michigan, etc.

There will be an opportunity for trying plows, both for breaking and stirring. Wheat will be in the stack adjoining the fair grounds, for testing of threshing machines.

So far as may be, the Judges will be instructed to decide on the relative value of machines, from tests on the ground; and every convenience will be offered within the reach of the Board, to make the contest fair and equitable.

One hundred dollar premium is offered for the best Band of Music on the ground.

Signs will be placed over the different offices to designate them. Before entering the fair grounds, first go to the Treasurer's office, pay the annual fee (two dollars), if you have not previously done so, and give him your post-office address.

No checks will be given at the gate; parties going out will have to pay for their tickets. The Fair is open to the world, who wish.

The exhibition will commence on Tuesday, September 20th, and close on Friday, September 24th. The gates will be opened at 8 o'clock a. m., of each day, and at that time jury officer is required to beat his post.

No disorderly conduct of any kind will be permitted; a police force will be upon the ground sufficient to prevent any kind of riot, and to see that all rules are observed.

No animal will be allowed to run at large on the ground, and every article or animal upon the grounds shall, during the Fair, be under the control of the Board.

All stock will be shown in the arena. No person but the Awarding Committee on duty, and the officers of the Board, will be allowed inside the arena whilst the exhibition is going on.

At the time of making an entry of thoroughbred stock of any kind, the party applying will be required to furnish the Secretary with pedigree, which will be passed upon by the different Committees.

If it is ascertained that any exhibitor has sold or caused to be sold, any article or animal exhibited, or if any exhibitor shall attempt to interfere with the duties of the Secretary, or of any other official in the performance of their duties, by letter or otherwise, he shall be excluded from competition. Circumstances will be considered interference.

The exhibition of stock will commence on the 20th inst. at 8 o'clock a. m., and will continue until the 24th inst. at 10 o'clock p. m.

Persons desiring space for the exhibition of articles or machinery, not entered for competition, must make their application on or before the 15th inst. as early a day as possible, and give the name of the article, of the exhibitor, his place of residence, and specify the amount of space required. Heavy machinery, or even other articles, may be taken on the grounds at any time before the commencement of the Fair.

The Secretary will open his office in Brownville two weeks before the Fair. Entries will be received after the close of the first day, and the Secretary's attention is called to this, as it is impossible to give satisfaction any other way.

No person will be allowed to see the entries until after the awards are made. Entries can be made at any time until within one week before the Fair, by application to the Secretary at the office of the Board at Plattsmouth.

Every worthy article not enumerated in the premium list, which may be presented, will be placed in its appropriate class, and a premium awarded, if found worthy. The Board especially desires the attention of the community to this rule, and hopes that all worthy and appropriate articles will be presented for exhibition.

When an entry is made of any article, the Secretary will give the party a card, which will contain the number of the entry, the name of the exhibitor, and which must be attached to the article.

Contrary to the customs of most Agricultural Societies, the Board has decided that the names of all exhibitors shall be placed on the cards attached to articles on exhibition. As to otherwise is not complimentary to exhibitors, and deprives exhibitors of one of the main features of these exhibitions, viz: advertising.

Exhibitors will confer a great favor on these officers of the Board by making their entries at as early a day as possible.

Persons living abroad can make their entries by letter; but in such cases the party must send the name of the animal, the name of the sire, and the name of the dam, and a majority of the committee.

of the committee, and be handed immediately to the Secretary. R. W. FURNAS, Pres. D. H. WHEELER, Sec'y.
